Gazette Printing Review-Mike Reid, Chairperson

Russell Holden, Kim Somoni, Don Plumb, Tracy Leshner, Paul Dayly

Old Business-none

New Business-Russell Holden

California Law requires that the Annual General Meeting of the members be completed within six months of the end of financial year, prior to 31st March each year. The Annual General Meeting would include the election of officers and the publication of financial accounts and as well as reports on any major issues or undertaking that the club has progressed throughout the year. This meeting is open to any HCCA member to attend.

The Annual General Members Meeting and the Annual Tour & convention have typically been jointly held, however in taking this premier event to other parts of the country hosting a tour and convention in March presents challenges for the organiser with weather and logistics. Previously the majority of meeting were conducted in California so this was not an issue.

There needs to be a balance between maintaining the legal status requirement of a California corporation and providing the freedom to hold the Annual Members Meeting and Tour & Convention at a time and location that allows the National Club to hold this event in all areas.

Holding the Annual General Meeting via Zoom in March would provide the ability to conduct the business of election of officer's presentation of financial accounts and any other business to be undertaken and comply with applicable California Laws. The current HCCA By-Laws would need to be amended to read that the Annual Members Meeting is to be held within the FIRST six months of the calendar year, thus providing the opportunity to conduct the meeting, tour & convention in any state or territory with a far lesser probability of weather interfering with the event.

Recommendation:

The By-Laws committee meet and review the timing of the Election of Officers to ensure that the annual process complies with California Law and bring a recommendation to the July 2024 board meeting for consideration. Upon finalisation of the Election of Officers the results of these will be posted in the Club Gazette and on its web site with 60 days of said election.

The By-Laws committee meet and review the timing of the Annual Members Meeting to ensure that annual process allows for greater flexibility of location and timing and bring a recommendation to the July 2024 board meeting for consideration.

Currently the duty of organising the HCCA Annual Tour & Convention has fallen to the Vice President, who has in the past, has been required to personally guarantee the number of rooms blocked off at the lead hotel and the catering requirements, room hire and any other necessary contracts required for the successful running of the tour and convention. Historically, individuals have been forced to enter into contracts personally guaranteeing up to \$40,000 in funds and requested to sign all manner of contracts and provide personal guarantees for short falls etc.

In organising the Annual Tour and Convention, the Vice President is organising the Club's National Tour and Convention not their "personal" Tour & Convention. As such, the obligation for entering into contracts should be held by the Horseless Carriage Club of America at the National level, not the individual member tasked by the Club to organise the event.

This motion seeks to alleviate this responsibility of the individual and have the National Club take on this responsibility.

Recommendations:

1. The Board provide approval on an annual basis for a selected HCCA member to organise the Annual Tour and Convention and negotiate contractual obligations with hotels and other necessary organizations required for the running of the tour and convention on behalf of the Horseless Carriage Club of America.
2. Prior to the signing of any contracts, that the Executive Board of the HCCA is provided with written copies of said contract or contracts and provides individual written delegated authority to the selected HCCA member to enter into said contract or contracts on behalf of the National Board.
3. The Board develop guidelines as to the requirements of the Tour and Convention for future organisers to follow.

Doug Tomb stated that he had spoken with Linda last week and she advised there is not a problem changing the HCCA bi-laws from "fiscal" year to "calendar" year. The fee for this would be \$1,300.

Jeff Leshner reported that the financial reporting would be much easier if this change was made. Jeff Leshner made the motion that the Bi-Laws Committee review "fiscal" year to "calendar" year change options to include developing guidelines for the National Tour & Convention and report back to the HCCA Board of Directors at the July 2024 Board meeting.

1st Motion-Jeff Leshner

2nd Motion-Doug Tomb

Unanimous
